

March 16, 2020

Dear parents,

All students have access to “Sora”, where they can read eBooks and listen to eAudiobooks from home. These can be accessed by phone, iPad, ChromeBook, computer, etc.

All they need is their student 1000 number (which is their student ID #)

Go to soraapp.com

Click on “Find my School”

If OSD is not listed, click “My school isn’t listed” and type in 84401 for the zipcode

Find Ogden School District

Click “This is my School”

Login with your student ID (1000) number
(Staff login with your 6 digit employee number)

You can also access additional books through our collaboration with Weber County Library System:

After you have signed into Sora, go to the hamburger menu on the top right of the page

Click “Add a public library”

Type in “Weber County Library System”

Click on “Utah’s Online Library” which will automatically link you to the Weber County Library System and their online collection

The content offered through them to our students will ONLY show Children’s and Young Adult titles.

(Staff and parents may also use this feature, however, they will need a valid Weber County Library card to be able to access the additional content.)
